

How to Make French Toast

The things you need are: milk, white bread, a deep plate, 2 eggs, sugar, cinnamon, mars, strawberries, blueberries, cream, a small pancake pan, a small deep pot, and a stove.

Making the mix:

1. Take your deep plate and add egg and milk and mix until well combined.

Making the chocolate side

2: Put it aside and prep your mars bar by cutting them in half

3: Then, put your cream and your cut mars bar in the small deep pan.

4. And mix until well combined

Making the sugar

5: Put your chocolate sauce aside

6: Mix a teaspoon of milk with a fare amount of sugar and cinnamon

Baking

7: Then take the pancake pan and your mix and the bread and dip it in the mix

8: Then bake until gold brown

9: Add the fruits

10: Add your sauce and enjoy !

About us as a school

Personalised Education

Education must offer a foundation that helps young people to develop successfully in their lives. Everyone has to have every opportunity to acquire the skills and aptitudes necessary to participate in life. The school must be able to adapt to the new demands of society. This implies a series of improvements:

- Use the means of communication, especially computer and audiovisual technology as pedagogical resources. These resources also favour personalised attention where the student has permanent contact with the teacher and can progress at their own pace and according to their interests at home and at school.

- The education should not only be given within the school but also should be given outside the school, in the immediate environment, using the multiple educational resources of the neighbourhood, with the periodic assistance of the museums, consulting the experts, observing the operation of the real world, etc.

- Curriculum is not enough. To not stagnate in the curriculum and we should encourage informal education, as well as free, spontaneous and creative activities. The curriculum is repeated course after course and that bores students who need new challenges and new knowledge.

- Promote that the student is the protagonist of his own training. The teacher coordinates the student's interests, skills and talents so that the child can learn by himself and thus foster autonomy, initiative and lifelong learning.

This is the basis of our school. To achieve these premises, the most important thing is the personalised attention on the child, with excellent teachers, small class groups and permanent contact with parents who are the main educators and who know their children best.

Interview with Ronita

Name: Ronita

Age: 28

Birthday: March 6th

Where were you born?

I was born in England

What are your parent's jobs:

My mum's a business manager and my dad's teacher of Badminton

Why do you want to be teacher?

I've always wanted to be teacher !

What is your favourite method of teaching ?

I like making learning fun !

What's your relationship to children?

I'm their teacher.

What are your hobbies?

I like running, skipping and cooking

Are the children like you expected?

Not at all, every child is different.

Work Experience

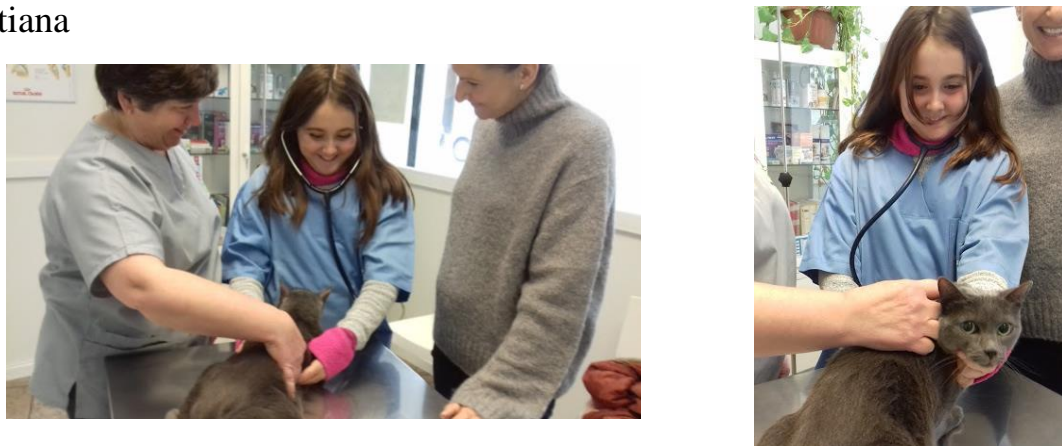

This month i went for work experience to a school to teach little ones. I was put on a class of year 3 and then a class of year 5. I had Judit and Sara with me teaching in the first class. We were teaching them a spring poem and to the other class we had to speak with them and help them to pronounce the words in English. We also helped them on an English exam. We really enjoyed teaching them.

Sara B

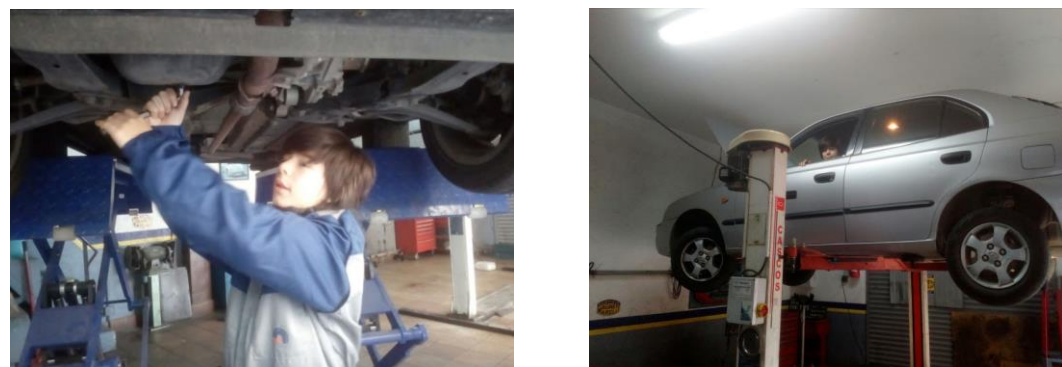

I went to the vet centre. I did hairdressing for dogs and vet for a cat, and I helped the people to buy things. It was really fun. First Elena said to me to be the hairdresser, after Gloria the vet came and I took care of the cat.

Tatiana

In my work experience i fixed a car and drive a car. I liked it because it was fun. I got put on a truck for lifting cars !

Eric

What we've been up to this month

What's new this month?
Since the new year we have started drama lessons ! A drama teacher comes in once a week to help us with an upcoming production. The older children have been going on work experience again this month. We've also had several Birthdays!!

Our visit to the Water Purification Centre

Last week we went to visit the water purification centre, and we found out some interesting, weird facts:

What makes the water dirty?

The 3 main things that make the water dirty are:

- baby wipes
- soap
- oil

How do they clean the water ?

Those 4 things above make 3 layers: the sand at the bottom, then the water and at the top the baby wipes, soap and oil.

To separate them they use a big machine that sucks up all the sand and with a big iron rectangle board and they scoop out all the oil, soap and wipes then the water, goes to another pool full of microbes and germs that will eat all the dirt and make the water more cleaned, the sand will be excavated and put in a hole, and the oil, soap and wipes will be burnt. Sometimes there is too much water and as the machines can't clean it so it gets all put in a river where people swim and drink off.

What can we do to help ?

- do not throw baby wipes down the toilet
- don't throw oil down the sink
- use natural soap
- close taps and try to do a shower instead of a bath.

Chanson pour les enfants l'hiver

This is a poem that we learned this month in French class. It's about winter and a snowman that melts on the fire...

Dans la nuit del hiver
Galope un grand homme blanc
C'est un bonhomme de neige
Avec un pipe en bois.
Un grand bonhomme de neige
Poursuivi par le froid
Il arrive au village
Il arrive au village
Voyant de la lumière
Le voilà rassuré
Dans une petite maison
Il entre sans frapper
Dans un petite maison
Il entre sans frapper
Et pour se réchauffer
S'assoit sur le poêle rouge
Et d' un coup disparaît
Ne laissant que sa pipe
Au milieu d'une flaque d eau
Ne laissant que sa pipe
Et puis son vieux chapeau

Our visit to the History Museum

This Tuesday we went to the History Museum of Catalunya in Barcelona. These days we've been learning about the Medieval Times (how did they live there, how did you become a knight... etc) so we've decided to go to the museum to get some extra information.

In the museum we did a tour around the part of the museum which had the Medieval exhibitions our lovely tour guide showed us around the museum telling us about how the people used to become knights, how much their whole armour used to weigh, how the peasants lived and many other things.

The most fun activity was when we did our own emblem in a badge with which we where identified. To finish our wonderful and splendid excursion, we walked around the harbour next to the museum and ate some ice cream!

Blanca

New Years Resolutions

It's 2018 ! Some of the students have new years resolutions.

Sara D: I'm going to eat more healthy and exercise more and I'm going to keep a consistent morning routine

Judit: I'm going to try to pas the Cambridge exams and be more healthy

Katie: this year I would like to start doing horse riding and I'm going to stop drinking unhealthy drinks

Jordi: I would like to stop drinking Coca-Cola and I would like to start reading more

Do you have any new years resolutions?

Sofia

Date: 10/1/18 Working with an adult to hear sounds in words.

serel

Trip to the water purification centre:

It WZ dirty. We had to hold someone's hand.

Date: 10/1/18 Working with an adult to sound out some words.

Noa

We went to the water cleaning place.

LOIC POOPOO and is smelly

Date: 12/1/18 Very little support given.

Elias

I played bingo and I won all the gifts.

I played with friends and family

I Love you meaning

Thank you for my new shoes

CO RLO

Date: 12/1/18 Support holding a sentence, finger spaces and sounding out some words.

Eva

All of my family came to my house we did a singing and a gift

Date: 10/1/18 Working with an adult to remember sentence.

NKO

I went to the water cleaning place.

It was water brown

We had a tree.

I read a book

I was 3 4

I had fun

Naila

Date: 10/1/18 Working with an adult for some sounds.

Jordi

I went to the water cleaning place.

They found a bicycle.

I had a Birthday cake.

Diego

Date: 10/1/18 Working with an adult to sound out each word.

Katie

Trip to the water purification centre:

It was dirty. We had to hold someone's hand (because it was dangerous).

I got a computer.

I got a computer.

I had a christmas tree.

I had a christmas tree.
